Trusted by thousands of teams, Jira offers access to a wide range of tools for planning, tracking, and releasing world-class software, capturing and organizing issues, assigning work, and following team activity. It also integrates with leading developer tools for end-to-end traceability. Centralize all your work, processes, tools, and files into one Work OS. Connect teams, bridge silos, and maintain one source of truth across your organization. 1 2 3 4 Accommodate all your cybersecurity needs under one convenient roof with the Heimdal™ Unified Dashboard. Our cybersecurity solutions can be used as standalone products or integrated into one another as part of a cohesive and unified suite. 5 6 7 8 9 Onfleet is the trusted last mile delivery solution for thousands of companies across dozens of industries including food and beverage, retail, e-commerce, furniture, pharmacy and more. 10 11 12 13 14 15 16 17 18 19 20 21 22 23 24 25 Originally, this list included a section called "Language Agnostic" for books about programming subjects not restricted to a specific programming language. That section got so big, we decided to split it into its own file, the BY SUBJECT file.
